

Fig. 2.45. Spatial distribution of maximum annual cumulative duration of moderate cold waves/cold spells

Distribuția spațială a duratei cumulate maxime anuale a valurilor de frig/perioadelor reci moderate

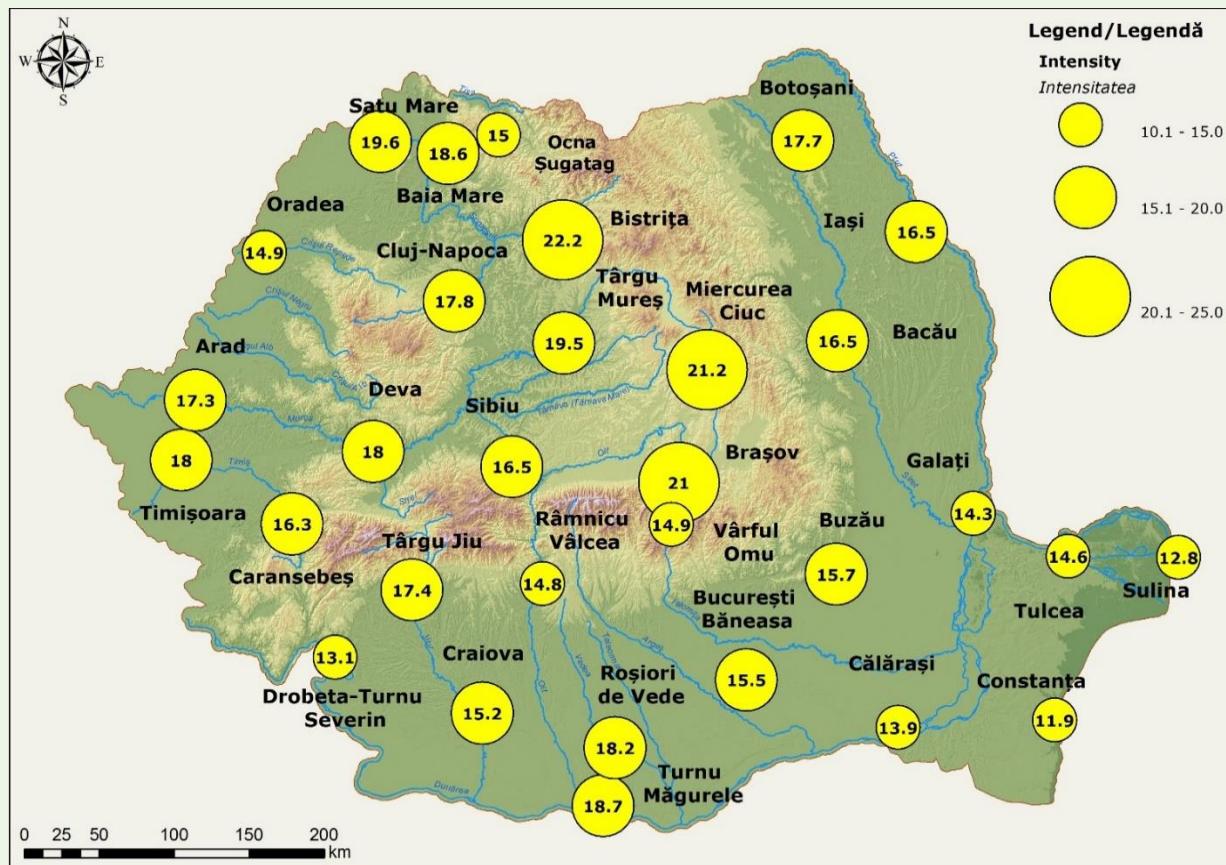

Fig. 2.46. Spatial distribution of maximum annual intensity of moderate cold waves/cold spells

Distribuția spațială a intensității maxime anuale a valurilor de frig/perioadelor reci moderate

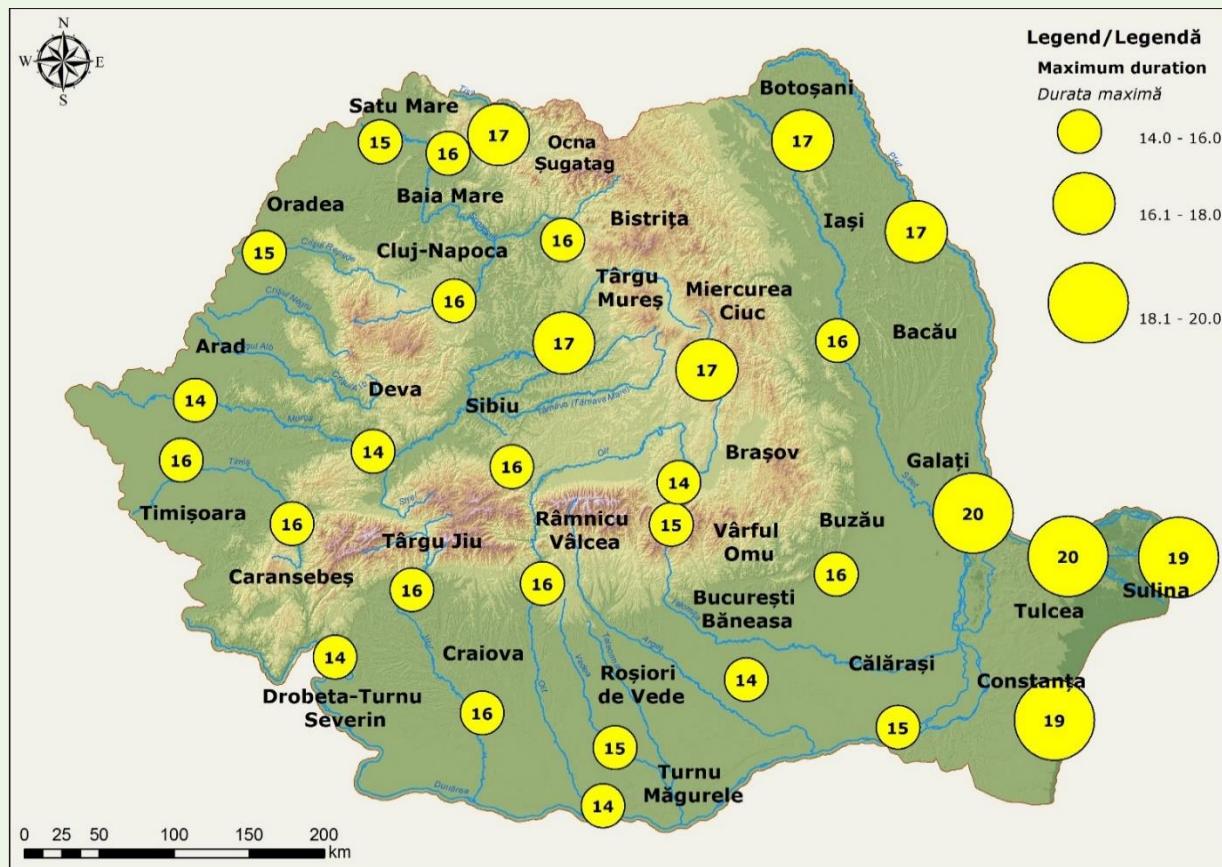

Fig. 2.47. Spatial distribution of maximum annual duration of moderate cold waves/cold spells
Distribuția spațială a duratei maxime anuale a valurilor de frig/perioadelor reci moderate

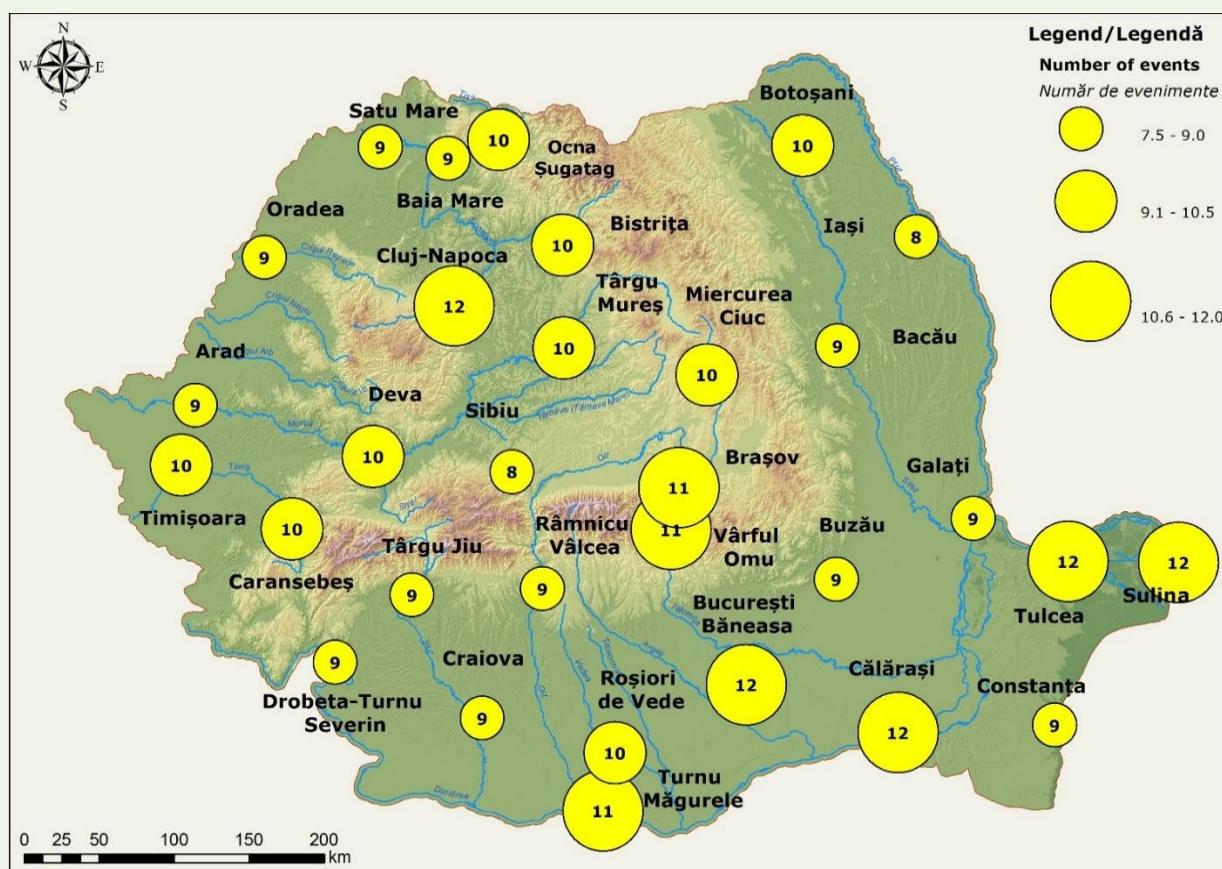

Fig. 2.48. Spatial distribution of maximum annual number of moderate cold waves/cold spells
Distribuția spațială a numărului maxim anual al valurilor de frig/perioadelor reci moderate

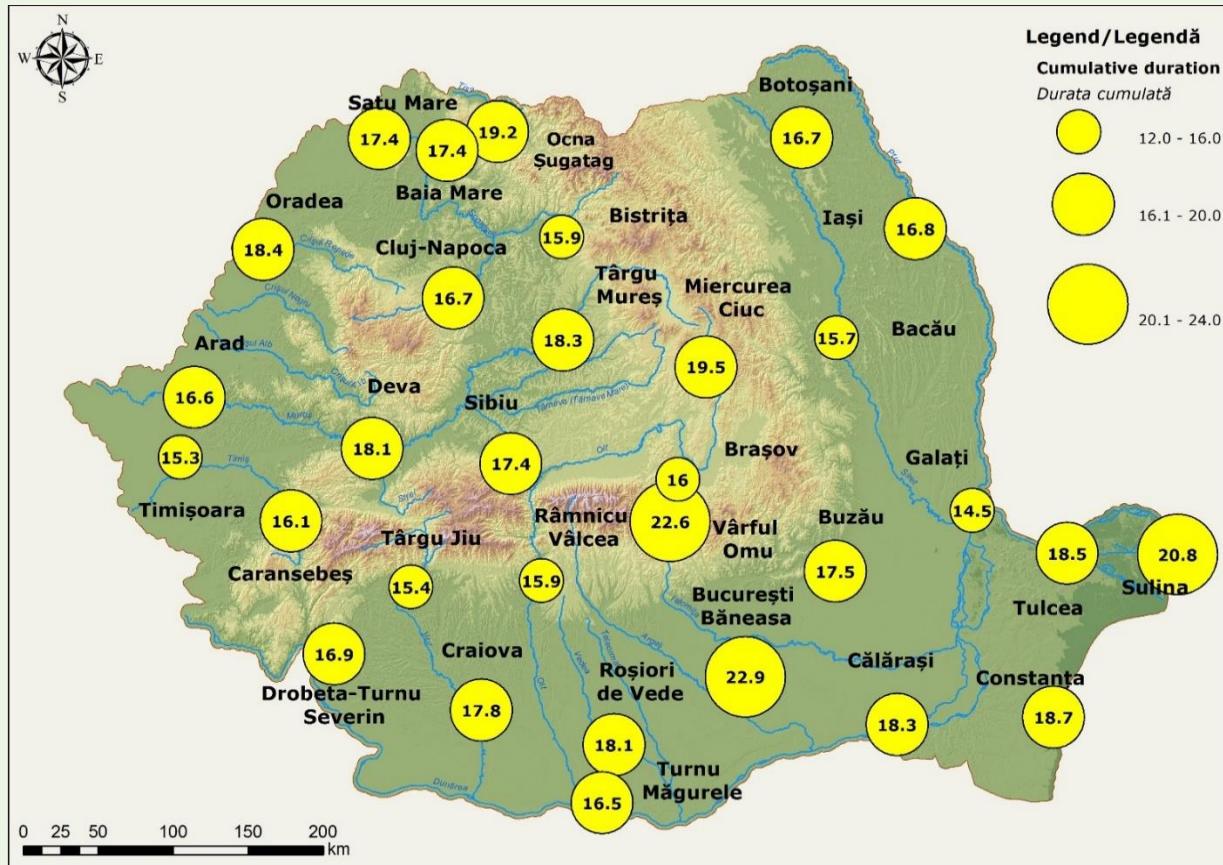

Fig. 2.49. Spatial distribution of mean annual cumulative duration of moderate cold waves/cold spells
Distribuția spațială a duratei cumulate medii anuale a valurilor de frig/perioadelor reci moderate

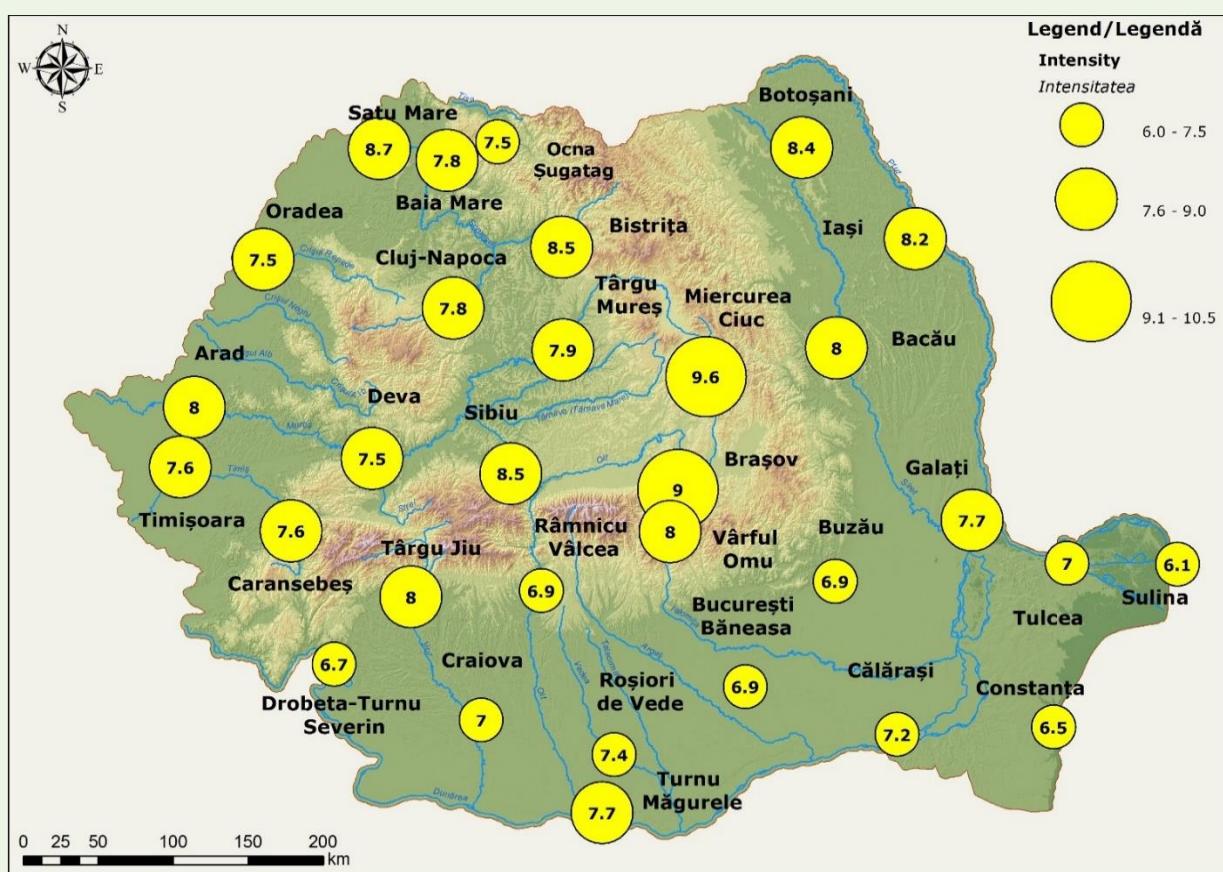

Fig. 2.50. Spatial distribution of mean annual intensity of moderate cold waves/cold spells
Distribuția spațială a intensității medii anuale a valurilor de frig/perioadelor reci moderate

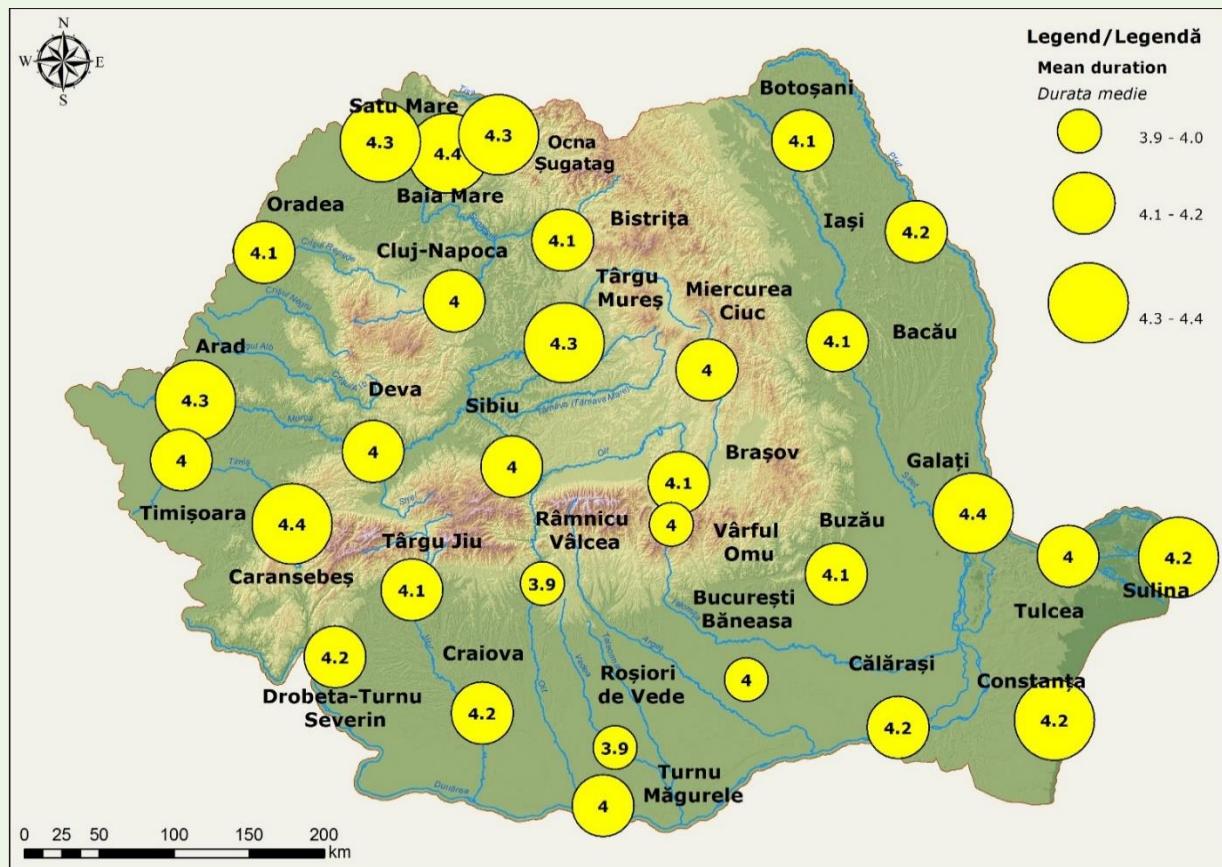

Fig. 2.51. Spatial distribution of mean annual duration of moderate cold waves/cold spells
Distribuția spațială a duratei medii anuale a valurilor de frig/perioadelor reci moderate

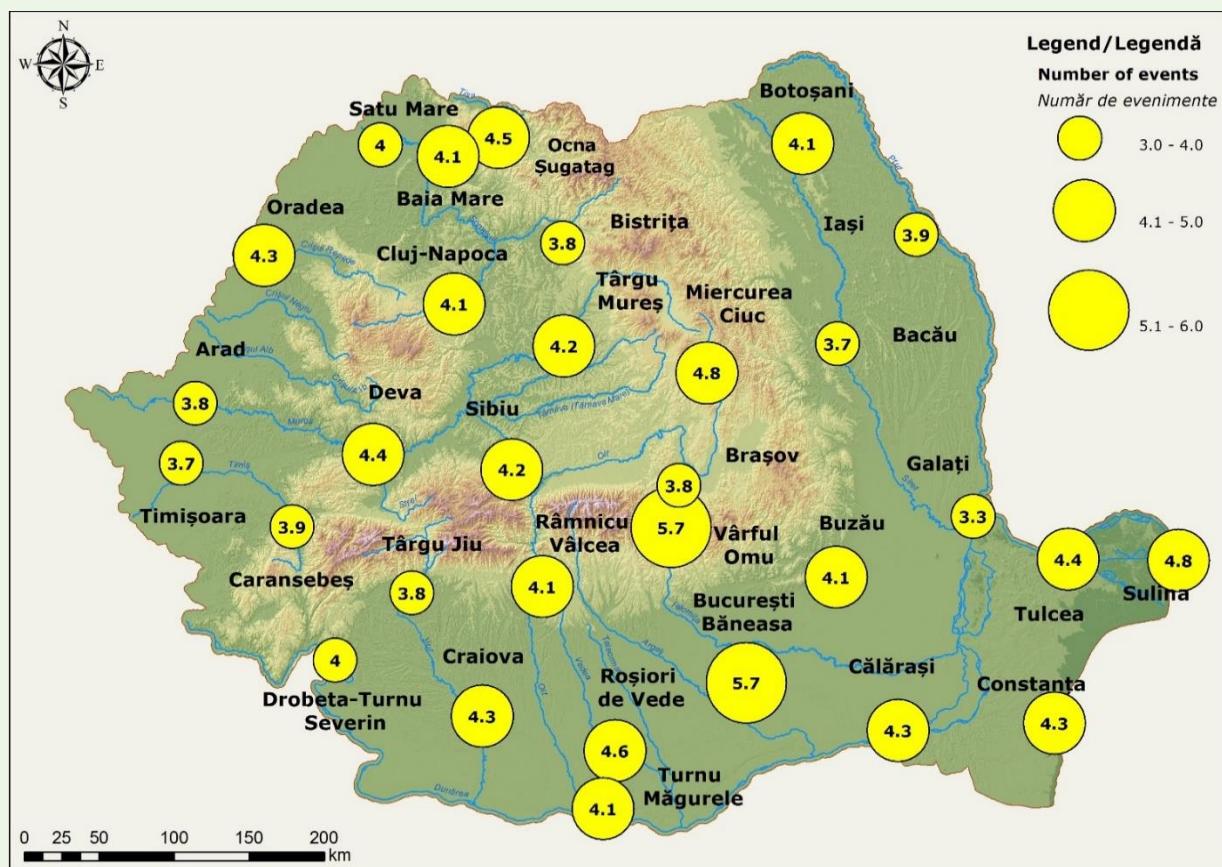

Fig. 2.52. Spatial distribution of mean annual number of moderate cold waves/cold spells
Distribuția spațială a numărului mediu anual al valurilor de frig/perioadelor reci moderate
